

**10 WATT
FLIGHT DECK LOUDSPEAKER**

ORDERING INFORMATION

DYNALEC PART

10 WATT FLIGHT DECK LS 61701-000

FEATURES:

- Designed to provide clear and intelligible reproduction of speech and alarm signals
- Designed to meet stresses common to sea-going vessels such as humidity, salt, spray, temperature, shock and vibration.
- Can be used in either a 50 or 70 volt audio system.
- Provides for external volume adjustment from -24dB to full volume via coil taps on unit's output transformer.
- Speaker assembly includes loudspeaker driver assembly, audio line matching transformer, and a terminal board.
- Enclosure is of aluminum construction and is designed for deck mounting.
